

## STRIKE TIES UP STREET RAILWAYS

Warfare Between Two Organizations Affects Many Lines.

SYRACUSE, N. Y., April 8.—Warfare between two labor organizations has resulted in a strike of street and electric railway employees in central New York that tonight had completely tied up interurban traffic between this city and Auburn, seriously hampered interurban service in western New York and threatened to involve the transportation service in the cities of Syracuse, Rochester, Niagara Falls and Buffalo.

The strike was inaugurated by the Amalgamated Association of Street Railway Employees and is directed against the Empire United Railways company to force recognition of the association rather than the Brotherhood of Electric Trainmen. The latter organization is under contract with certain of the Empire railways and the company's refusal to abrogate the agreement and recognize the Amalgamated Association as the representative union organization of their employees prompted the strike order.

## HALE HEADS THE SCOTTISH RITE

The annual business meeting and election of officers of the Scottish Rite society of Tulsa was held in Adair Shrine headquarters last night. Reports of officers were made and members of interest to the society and the members of the Rite were discussed.

The following officers were elected: M. C. Hale, president; Joseph W. McNeal, first vice-president; C. J. Friedman, second vice-president; D. D. Wertheimer, third vice-president; J. Burr Gibbons, secretary; L. W. Baxter, treasurer.

At the Palace today. One day only. Do not miss it. The cast includes Mae Marsh and Mary Alden.

Maple Ridge addition to Bird McGuire by the Stebbins & Darnell real estate firm was announced yesterday. Plans for a \$24,000 residence for the lot are in McGuire's hands at present and he will let the contract for the dwelling immediately, he announced yesterday.

## Tulsa Attorney Must Serve 1 Day In Jail For Embezzlement

MUSKOGEE, April 8.—Robert J. Boone, formerly a prominent attorney and society man of this city and now practicing law in Tulsa, was convicted in the district court here late today in the second of his embezzlement cases. The jury returned a verdict finding the defendant guilty and fixing his punishment at 24 hours imprisonment. Boone was under bond in six embezzlement cases. The first charge resulted in a hung jury last fall. In the case just tried, Boone was charged with embezzlement of \$910.20 of the funds of Ada Barnett, a minor.

## HEAVY WIND STORM SWEEPS MISSOURI

Damage to Life, Property, Telephone and Telegraphic Communication Results.

ST. LOUIS, April 8.—A wind, rain and electrical storm which swept through Missouri between St. Louis and Springfield tonight caused damage to life, property, telephone and telegraphic communication.

The wind took on the velocity of a cyclone at Seymour, Mo., about thirty miles southeast of Springfield. Several houses were destroyed, others were unroofed and two persons were injured seriously by falling timbers. After midnight communication was re-established with Seymour and it was learned that at least twenty persons had been injured during the storm. The two most seriously hurt were children upon whom their home collapsed.

It is estimated the damage will exceed \$20,000. Houses in Springfield were damaged by the storm.

## HALF MILLION FIRE LOSS IS PREVENTED

OKLAHOMA CITY, April 8.—The people of the state are evidently paying some attention to the repeated suggestions of the state fire marshal relative to prevention of fire waste, and that official takes the opportunity to compliment the citizens of the state on their activity in this matter. In the report of State Fire Marshal C. C. Hammonds showing the fire waste for March it shows that the amount was cut down about one hundred fifty thousand dollars less than it was the same month a year ago. The total waste during March this year was \$165,955.96. The reports for the last three months, or the first quarter of the new year, show that the waste is less by half a million dollars than it was for the corresponding months of 1914.

Consider Appointments. CHICAGO, April 8.—Members of the committee on committees of the city council decided today to go to Biloxi, Miss., to deliberate on committee appointments. There are six members of the committee, which will leave Chicago Monday evening. If Biloxi hotels are crowded the aldermen said they will go either to Pass Christian or Gulfport.

Running Out of a Job. When a business of temporary or constructive character succeeds it should cease to exist. In one instance that has come to notice, this has happened. The Y. M. C. A. at Kenosha, Wis., has succeeded so well in the organization of clean recreation for the young men of that city that the people of Kenosha decided the work too valuable to be left in the hands of one organization and have taken the management over for the benefit of the city at large. This means the direction of recreational and social activities, not of a few but of all the young men and women of the city, and the older folks themselves may share in the widened benefits of the work. In the same way many of our farmers' clubs will doubtless, as time goes by, cease to exist. In other words, their work will be so well done and its results so necessary that the community will take up the work that a few loyal, progressive, far-seeing citizens began. And this is progress.

Use Judgment. Grow only such crops as can be eaten on the table, fed to the stock or sold on the market. Diversification merely for the sake of a variety will hardly be profitable. The crops selected should be needed in the general plan of rotation. There should be a profitable reason for growing every crop selected to complete the rotation.

## NEXT MEETING OF O. E. S. TO CAPITAL

Mrs. Mary Seaman of Tulsa Elected Associate Grand Matron.

SPECIAL TO THE WORLD. M'ALESTER, April 8.—With the election of officers for the ensuing year and the selection of Oklahoma City as the next place of meeting the grand lodge of the Eastern Star closed a two-days' session here late tonight. Officers elected are as follows: Grand matron, Mrs. Annette B. Ehler of Hennessey; grand patron, William Crawford of Muskogee; associate grand matron, Mrs. Mary Seaman of Tulsa; associate grand patron, Dr. D. M. Halley of McAlester; grand secretary, Mrs. Mary Alverson of Blackwell; grand treasurer, Mrs. Gladys Hargis of Pawhuska; grand conductress, Mrs. Osa Bruns of Lawton; associate grand conductress, Miss Myrtle French of Duncan; Mrs. Hensel Davis, retiring grand matron, was appointed grand lecturer. Samuel W. Hogan of Cashion will be grand sentinel.

## IMPERSONATED A FEDERAL OFFICER

Dazzling Uniforms and a Good Bluff Is About All Qualifications LeRoy Had, Is Claim.

KANSAS CITY, April 8.—Dazzling uniforms, resplendent with gold braid, figured largely, according to government officers, in the career of Dr. Charles LeRoy, 30 years old, arrested here today charged with impersonating a federal officer.

Arthur T. Bagley, special agent of the department of justice, declared today at LeRoy's arraignment that the young man had rented downtown offices and a suite of rooms on a boulevard here where he posed as an officer in the United States marine service, augmenting his claims by appearing on the boulevard and in the office perfectly groomed and wearing his accessories. LeRoy was held to the federal grand jury.

Mr. Bagley alleged LeRoy represented he was to establish a marine hospital in Kansas City and had offered positions to a number of persons who were asked to furnish cash bonds as evidence of their good faith. LeRoy's bride of two months, who said she was married in Logansport, Ind., visited him in jail tonight.

## INTERMENT OF SHIP FOR REST OF WAR

Only One Member of Crew to Die Since First Left Port: Military Funeral Today.

NEWPORT NEWS, Va., April 8.—The German auxiliary cruiser Prinz Eitel Friedrich, which has been in custody of United States naval authorities here since last midnight, will be moved tomorrow to the Norfolk Navy yard, there to be interned at her commander's request. A pilot from the navy yard will take the sea raider across Hampton Roads on this her last voyage until the end of the European war.

The Eitel would have been transferred to the navy yard today but for a request from Commander Thierichsen that he be allowed to remain here for the funeral tomorrow of Seaman Prei, who was killed accidentally yesterday in a fall down a companionway on the ship. Prei was the only member of the

## MARRIAGE AN "INCIDENT" SAYS WOMAN WRITER.

MISS MARIE VAN VORST.

NEW YORK, April 9.—Miss Marie Van Vorst, noted woman writer, believes that marriage is but an "incident" in a career. She made known her views in an interview on the mooted question of so-called evil results from higher education for women. "Women of active interests, progressive ideas, and accomplishments, wreck fewer homes than the frivolous dolls whose life reaches its accomplishment in marriage," she said.

## BRODIE IS NAMED COUNTY PHYSICIAN

Out of a list of applicants of more than twenty, Dr. W. W. Brodie yesterday was named county physician by the board of county commissioners.

## WIDOW TELLS STORY

Mrs. Elsie Nelson Said Husband Told Her Boat Was in Bad Condition. LOS ANGELES, April 8.—Mrs. Elsie Nelson, widow of William S. Nelson, engineer on the submarine E-4, said here today her husband had told her he notified the fleet commander that the submarine's motors which had suffered a blowout would never be the same again. She said he also told her the submarine had only four days' supply of air, instead of a two-week supply provided by the regulations.

Mrs. Nelson returned yesterday from Honolulu.

## POSTPONE SAILINGS

Italian Steamers in American Ports Must Remain.

LONDON, April 9.—(4:41 a. m.)—Italian steamers in American ports have ordered to postpone all sailings until April 20, according to a Rome dispatch to the Exchange Telegraph company.

## AT THE THEATRES

MAJESTIC.

Tuesday and Wednesday will be banner days to Majestic history, for not only will the Majestic present the most discussed play in America today, but it will be the first showing in the entire southwest of Edward Sheldon's great soul-shaking drama, "The Nigger," enacted by William Farnum, the highest salaried male film star in the world.

Advance reports from the east state that the production is perfect and the most interesting subject ever picture-ized. The political, moral and social problems presented are dealt with in a way that furnished food for thought for every intelligent person. "The Nigger" has withstood a veritable fusillade of comment and criticism and has won out on sheer merit. The people of Augusta, Ga., recognizing the great significance and enlightening influence of this drama, have extended an invitation to the Fox Film corporation to again make Augusta the background for another picture dealing with a different phase of southern life.

In the character of Philip Morrow, William Farnum has given the finest portrayal of his career. No part ever assigned to him has been given such careful study and attention. In his efforts to get at the very heart and soul of the personality of Morrow, Mr. Farnum lived the life of an ascetic and the result is expressed in "The Nigger" is a vital document and will make any intelligent citizen, north or south, sit up and take notice. This attraction is guaranteed by the Majestic management, and Tuesday and Wednesday, April 13 and 14, will live in the memory of every spectator as the days when the people of Tulsa

## YALE

Today at the Yale, Vester Perry and Catherine Henry will appear in a

two-reel Majestic entitled "Dr. Jim." In every theatre where this picture has been shown it has created the greatest interest. See it for the first time in Tulsa at this theatre today.

Also two comedy dramas that are just crowded and jammed full of humor, entitled "When Jealousy Tumbled," featuring the Big "U" comedians, and the other, "Dixie's Day Off," featuring Sidney Aires. Both of these pictures are a great deal better than the ordinary run of comedy dramas.

In addition to the above, two other excellent one-part dramas will be on the program, making in all an entertainment to be appreciated by every patron of this theatre.

GRAND.

Miss Billie Burke comes to the Grand theatre April 14 in "Jerry," the comedy by Catherine (Chisholm) Cushing, that was one of the real successes of New York last season. "Jerry" — Miss Burke impersonates her, of course — is a young girl from Chicago on a visit to her relatives in a suburb of Philadelphia. She determines to get married, and the terms to get married, and the man whom she selects for a husband happens to be the same man who has been engaged to "Jerry's" aunt for 20 years. Of course, "Jerry" gets him. The way she does it is amusing, and it is fully set forth in the play. "Jerry" by the way, is Miss Burke's first American girl part, and it suits her precisely.

"The Lone Star Rush" proved to be one of the most interesting pictures this popular house has shown, the scenes are laid in the great Australian gold fields and is full of thrilling situations, exciting chases, with a pretty love story through the five parts, with a happy ending. The scenic part of the picture is out of the ordinary, and the picture as a whole is very interesting and should be seen by all. As a special attraction for Saturday, something that will please the children, a two-reel Keystone comedy, "His Prehistoric Past," with Charles Chaplin and all the Keystone favorites in the cast, will be shown today and tonight only. This makes an exceptionally strong program and one that will please all. Sunday and Monday, that much-talked-of and much-discussed picture, "The Sins of the Fathers."

## AFTER EASTER SALE
